

Welcome!

Please complete the initial intake form prior to our first visit together, either online through Acuity Scheduling when you schedule online, or print the intake form and bring it with you to the appointment. It is important that you fill out the forms completely and accurately so that our first meeting can be as effective as possible.

During your first visit we will discuss your health concerns. Natural Medicine recommendations that we may make include any combination of diet therapy, lifestyle changes, herbs, homeopathic remedies, or nutritional supplements. Subsequent visits will be booked, as necessary, to review your progress and make appropriate changes to your treatment program.
